

CERES GLOBAL AG CORP. ANNOUNCES COMMENCEMENT OF ENERGY TRANSLOADING OPERATIONS AT NORTHGATE

Toronto, ON, (May 8, 2015) – Ceres Global Ag Corp. (“Ceres” or the “Company”) (TSX: CRP) announced today that it has entered into an agreement with Elbow River Marketing Ltd. (“Elbow River”) a wholly owned subsidiary of Parkland Fuel Corporation (TSX: PKI) for transloading and storage of natural gas liquids (“NGL”) products at its Northgate Commodity Logistics Centre (“Northgate”).

Ceres has begun the process of loading propane rail cars at Northgate for Elbow River, with a total of 44 rail cars loaded in April. The strategic agreement between Ceres and Elbow River will entail the transloading of propane from truck to railcars for shipment to the US market via the BNSF from Northgate, Saskatchewan. The direct link to the US provides an added access point for NGL products and Ceres plans to scale up capacity of its NGL transloading operations to meet market demand conditions.

“The commencement of energy operations at Northgate signifies a major milestone for the Company,” stated Patrick Bracken, CEO. “We will be working closely with Elbow River towards securing longer term NGL transloading commitments and further build out the value of our assets at Northgate.”
